She explained that the council are writing a plan of what they think Bacup should look like in 20 years' time. - Jackie shared the ideas they are currently developing such as enterprise and vibrancy and the School Councillors already had lots of great ideas for things they would like developing in Bacup such as cycle parks, art centres and soft play centres. We discussed how safe children feel when out and about in Bacup and how they could improve that. - Jackie asked councillors to share these ideas with their classes and to complete their own Bacup vision forms before returning them in early November. She asked children to remind their parents that they have all received a letter inviting them to share their views online. Jackie will email the link to Miss Proctor to share on the school newsletter and Miss Proctor will also ask Parent Council to share their ideas.
