<b>Minutes and matters arising</b>	<ul style="list-style-type: none"> <li>- Noah checked that everyone was in attendance.</li> <li>- Libby and Noah said that they sold lots of poppies and hoped to have raised lots of money for the poppy appeal. They are looking forward to finding out how much money was raised.</li> <li>- School Councillors all thought that it would be a great idea if all School Council sat on a bench during assembly, perhaps on a bench next to the teachers. Head Boy and Head Girl are going to rotate between doing birthday pencils and the attendance trophy.</li> <li>- Libby shared the class library loans system and procedures we are going to put in place. Everyone agreed that library books should be checked on the same day as Class Council. They suggested that class librarians should rotate every half term.</li> <li>- Class council discussed the principles of science for Mrs Wood. They enjoyed talking about what they would like the curriculum to be like and any extra resources they might need. The feedback is going to Mrs Wood to help review our science curriculum. Amy felt passionately that there should be a focus on vocabulary throughout school, including in the early years and Key Stage 1.</li> <li>- Noah and Libby told us what they know about Cop 26, pollution, the environment and climate change. Everyone felt strongly that as a school we could do more to improve our energy consumption and recycle more. Most classes felt that they haven't been taught much about Cop 26 and we need to find out more. They would like this to be added to an upcoming Class Council meeting.</li> <li>- Libby and Noah are going to type a reminder for the newsletter about Children in Need and this week's meeting for the newsletter.</li> </ul>		
<b>Agenda for next meeting</b>	<ul style="list-style-type: none"> <li>- Discuss our book corners, how do we use them? How could we develop them?</li> <li>- Class Council feedback.</li> <li>- Cop 26</li> <li>- Newsletter item.</li> </ul>	<b>Date of next meeting</b>	25-11-21
