Agenda	<ul style="list-style-type: none"> - Welcome and share agenda. - Class Council feedback - road safety - Cop 26 - how can we make a 'small change' for our school? - Newsletter item - who, what? 		
Minutes and matters arising	<ul style="list-style-type: none"> - All classes have been making their posters and are working to edit them after designing them and talking about what a good one looks like. No classes have completed their road safety debate yet. - Cop 26 ideas included encouraging everyone to use refillable bottles rather than single use plastic. After some discussion councillors thought that it would be great if we all designed a water bottle and then raised money for school to buy them a refillable water bottle. Fundraising ideas included a junk model competition, where everyone pays to enter. Another idea including making signs for the light switches and tap to remind everyone to switch off lights when they leave the room and taps when they have finished using them. Councillors thought that we should have climate change ambassadors to promote this through school. Everyone was also keen to introduce recycling bins in the classroom so that we can recycle paper and making sure we make use of 'scrap paper'. - Councillors said that at the moment basketball is played most days in the sports space with a mix of age ranges of children playing. Sometimes this is supported by an adult and sometimes it isn't. - Libby and Noah are going to type a newsletter item about what we have discussed this week to update parents.
